

## **Message from the Training & Placement Officer**

At the outset, I gratefully acknowledge the warm response, encouraging support and interest shown by reputed organizations in recruiting our students. Today, the business environment is highly turbulent and dynamic; wherein the age old rule of “survival of the fittest” dominates. The promising force that can help the organizations to survive and grow in such environment, by effectively coping with the ever changing demands, is the human resources with “can do” outlook. So, we are, glad to present batches of professionals in varied disciplines of our GIDC Degree Engineering College (GDEC), who have it in themselves to survive as well as flourish in this competitive world with confidence and zeal to grow and let the organization where they are to transcend new heights of success. Since its inception, we at GDEC have been striving hard to impart the requisite knowledge & inculcate a new set of skills and attitude in our students, keeping in mind the latest developments taking place globally.

As a diamond acquires its true worth after experiencing immense heat and hard times, our students have attained their true worth after rigorous training, assiduous preparation and dedication. They are sincere, committed, with clear academic as well as career orientation. If given a chance, I am sure that our students will prove themselves to be the real assets for the organization.

Due to sincerity and devotion of our students, the demand of our students has been constantly on the rise. So, we are confident to receive the same kind of overwhelming support from the prospective employers. We cordially invite you to participate earnestly in our Placement Programme and augment our efforts to provide the best human resources matching with the industry requirements.

In anticipation of building a long term value adding association with your organization, we look forward to welcoming you to our campus.

Prof. Harshal G. Vashi

**Training & Placement Officer @ GDEC**

**&**

**Assistant Professor in Management**
