About the Institute

In the present scenario, Engineering is still in demand for the students who want to avail a technical degree/diploma. The Government of Gujarat has decided for setting up 12 Degree and 09 Diploma Engineering institutes under PPP mode. Under this scheme, along with other organizations, Gujarat Industrial Development Corporation (GIDC) has been selected by the State Government as a partnering organization for Engineering College in Navsari District and Polytechnic in Anand District.

The GIDC Education Society, has set up the Engineering College named as "GIDC Degree Engineering College at Village Abrama, Taluka Jalalpore, District Navsari, which is on the pattern of Public Private Partnership.

The mission of the GIDC Education Society is to endow with technical education at the Degree as well as Postgraduate levels to enrich the people of the country in present technical scenario. The GIDC Education Society is dedicated to uplifting and empowering humanity through the three jewels of seva (service), shiksha (education) and sadhana (sustained efforts, i.e. dedication).

Eligibility for participation

Basic knowlegde of Java

About Android

Nowadays people prefer to use smartphones to manage their different tasks in daily life. Majority of smartphone users use android operating system, due to its huge user base, field of android application development has evolve rapidly

Android provides a rich application framework that allows you to build innovative apps for mobile devices in a Java language environment.
