

GIDC Degree Engineering College

Computer Engineering Department

Training and Placement Cell

Goldenmace IT Solutions has introduced Goldenmace Internship Programs. This internship program is open for any students pursuing a bachelor-degree or master-degree. The main Aim of the Program is students can learn and earn while they are still in college. Placement drive for Computer Engineering Department students for final year and pre-final year students was organized on 14th March, 2021. Around 18 students have participated in this placement drive. Campus placement was commenced with introduction about company profile. Then, online exam for aptitude and technical question has organized. 6 students selected for Internship program at company Navsari branch.
