

Report

A webinar on “Modern Power Converters” was organized on 25.08.2021 by the Electrical Engineering department of Govt. polytechnic, Navsari. The webinar was attended by fifty participants including teachers and final year students of the Electrical Engineering Department of Govt. polytechnic, Navsari.

Prof. Ankur P Desai, Assistant Professor, and Prof. Rohit B Damor, Assistant Professor of Electrical Engineering Department, GIDC Degree Engineering College, Navsari were invited as experts for this webinar.

Prof. Ankur P Desai had delivered an expert lecture on “Cycloconverter and their Industrial Applications” and Prof. Rohit B Damor had explained, “Inverters and their Industrial Applications” to participants.

The webinar was very fruitful to participants and they gained useful knowledge about modern power converters.
